

LCD-Touch **Start-up** Procedure

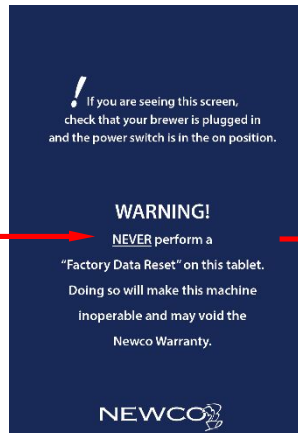

1. Open door—locate tablet on backside of door.

2. Press and hold On-Off button until ASUS startup appears on tablet.

3. When these screens appear switch power on. [Note: it will take about 30 seconds for the LCD Touch Screen to change to the "Warning" screen]

4. LCD Touch start menu should appear on tablet, and then change to the selection screen.

LCD Touch and Tablet **Shut Down** Procedure

1. Turn off power to LCD Touch.
2. Open door-locate tablet cover on backside of door.
3. Press and hold "On-Off" button - on tablet – until "Power Off" appears.
4. **Touch** "Power Off" Icon on screen to turn off tablet.
